Gürpilsan, Reliable Supplier in the **Plastic Industry Since 1986**

Gürpilsan Plastik is dedicated to the manufacturing, sourcing, and distribution of products aimed at fostering the preservation, capture, and containment of resources, waste, and recyclables. Gürpilsan Plastik currently operates in the Türkiye continues its operations in a state-of-the-art 30,000 square meter a well-established manufacturing and recycling site.

We have a range of certifications across environmental responsibility, product quality and process adherence, to support your needs. Quality, health and safety, and environmental performance are key to us, and those that supply us. Gürpilsan Plastik is a leading producer of Recycled packaging solutions based on polyethylene (PE), founded in 1986 in Konya, Türkiye. We are committed to innovating and developing more sustainable solutions, by using 100 % recycled materials in our products, reducing the thickness of our films, and investing in our recycling capacity. Gürpilsan Plastik offers innovative and sustainable, high-performance polyethylene film solutions for consumer- and industrial packaging, transport packaging, agriculture, hygiene, and medical technology.

30000 m2 Area

Equipped with innovative technologies, our large production area works for a sustainable future

34 + Years of Experience

Our 34 years of experience in plastic recycling is not just a

100% Recycling

With the goal of respect for nature and hope for tomorrow, we produce 100% recycled products for the clean world of the future.

1000 Ton Production Capacity

Working with a monthly production capacity of 1000 tons, we never give up our mission of protecting nature while offering environmentally friendly products that spread all over the world.

Garbage Waste Sacks.....6-9

- 🌱 Garbage Bag on Roll
- 🌱 T-Shirt Handle Bag on Roll
- 🌱 S-Type Garbage Bag on Roll
- 🌱 Flat-Loose Garbage Bag

Industrial and Agriculture Products.....10-13

- 🌱 Shrink Film
- 🌱 Cover Sheets & Cover Foils
- 🌱 Mulch Films
- 🌱 Silage Bags

Packaging Products.....14-17

- 🌱 Vest Type -Loose Carrier Bag
- 🌱 Medical Waste Bag
- 🌱 Mattress Bag
- 🌱 Silage Bags

Regranulate LDPE.....18-21

- 🌱 Grey LDPE Regranulate
- 🌱 Transparent LDPE Regranulate

Garbage Bag on Roll

Garbage Bag on Roll General Product Information

Material Recycled LDPE PCR,
(Post-Consumer Recycled Regranulates)

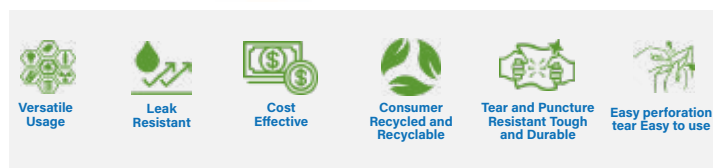

Color All Colours

Closure Type Bag on Roll

Folding Type All Folding Type
(C,Double C,V,Double V,Z,G,Star Seal)

Size Range Various sizes and microns

*Note: Minimum Order Quantity is 5 Ton/item

T-Shirt Handle Bag on Roll

T- Shirt Handle Bag on Roll General Product Information

Material Recycled LDPE PCR,
(Post-Consumer Recycled Regranulates)

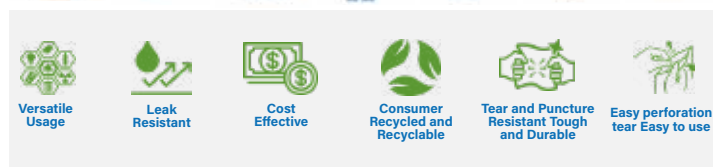

Color All Colours

Closure Type Bag on Roll

Folding Type All Folding Type
(C,Double C,V,Double V,Z,G,Star Seal)

Size Range Various sizes and microns

*Note: Minimum Order Quantity is 10 Ton/item

S-Type Garbage Bag on Roll

S- Type Garbage Bag on Roll General Product Information

Material Recycled LDPE PCR,
(Post-Consumer Recycled Regranulates)

Color All Colours

Closure Type Bag on Roll

Folding Type Star seal and double V folding

Size Range Various sizes and microns

*Note: Minimum Order Quantity is 10 Ton/item

Grey LDPE Regranulate

Grey LDPE Regranulate General Product Information

Material Post-Consumer Waste

Color Grey Transparent

Packing Regranulates are packed in 1300 kg big bags

Size Range 3,4 +/- 0,8 mm

*Note: Recycled plastic granules in Grey low density regranulated LDPE, from post-consumer waste

Consistently high quality that enables circular proposition, i.e. their reuse in high-quality products such as film, tubes, sheets, flexible packaging and other PE applications.

High quality through automatic laser refined filtering.

Optimal cleaning through intense and washing.

High delivery reliability because of scale (1000 tonnes of regranulate per month).

Transparent LDPE Regranulate

Transparent LDPE Regranulate General Product Information

Material Post-Consumer Waste

Color Clear -Transparent

Packing Regranulates are packed in 1300 kg big bags

Size Range 3,4 +/- 0,8 mm

*Note: Recycled plastic granules in Grey low density regranulated LDPE, from post-consumer waste
